DON'T LET WIFE DIE OF LOCKJAW

Warn Her Against Cutting Corns Because They Can Be Lifted Out.

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns can easily be lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freezone. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn. The soreness is relieved at once and soon the entire corn, root and all, lifts out without pain.

This is a sticky substance which dries in a moment. It just shrivels up the corn without inflicting or even irritating the surrounding tissue or skin. Cut this out and pin on your wife's dresser.—Adv.

Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

ORPHEO THEATRE.

With a strong story and a popular star, "Sold at Auction," a Pathe Gold Rooster play, will be shown at the Orpheo theatre today.

Lois Meredith, the featured player, is one of the youngest stars of stage or screen. The title role in "Peg o' My Heart," the featured one in "Help Wanted" and Modesty in "Every-

woman," are some of the parts which she has played with rather amazing success for one so young. "The Precious Packet," Pathe Gold Rooster play, the film version of Belasco's "The Woman," and other photoplays, are among the productions in which she has been seen on the screen.

Many other interesting events are treated, among them General Funston's military funeral, the old Franciscan mission at San Antonio and some interesting scenes of Mexican life. Mr. Fleming, the trumpeter, appears in a very unique patriotic act, paying respects to "Old Glory" and "Our Commander in Chief," and blows the United States army bugle calls from "First Call" to "Taps."

ORPHEO THEATRE.
"Germain's Invasion," is the title of an illustrated lecture being offered in addition to the regular program at the Orpheo the last half of the week. It tells a soldier's story of army life while on the Mexican border. The lecturer, E. E. Germain, is a Nebraskan and was called to the front with the national guard in June, 1916. Associated with him are J. E. Fleming, trumpeter for the Fourth Illinois infantry, and H. F. Krueger, a photographer from Kansas.

These boys will tell of all phases of army life as it really is, their purpose being to show the everyday life of the enlisted man. They believe the mobilization and training of the national guard has been a great step forward toward preparedness.

Special attention is given to the new Lewis machine gun, which has recently been adopted for the United States army. It is shown mounted on motor cars and on the side of a motorcycle and how it is shot from the shoulder. The new portable field kitchen is also shown and explained. The work of the red cross is fully treated showing how a soldier who falls out in the line of march or in the field is cared for.

Many other interesting events are treated, among them General Funston's military funeral, the old Franciscan mission at San Antonio and some interesting scenes of Mexican life. Mr. Fleming, the trumpeter, appears in a very unique patriotic act, paying respects to "Old Glory" and "Our Commander in Chief," and blows the United States army bugle calls from "First Call" to "Taps."
